21/01335//FUL – Land rear of 32 and 34 Lower Road, Hullbridge. Siting of 2 wooden shelters for horses and food storage and temporary hay store. **OBJECT – Effect of adverse amenity because of Disturbance from smells and environmental impact to neighbouring properties. HPC would most likely view the application differently, if these buildings were to be located away from boundaries of neighbouring properties. Perhaps as already been suggested by a neighbour, to the southerly section of the site , i.e. in close proximity to the golf course boundary. Would also suggest that the applicant needs to submit a more precise and accurate location plan. PENDING**

22/00061/FUL – 15 Kendal Close, Hullbridge. Convert loft to habitable rooms with pitched roof front dormers and flat roof rear dormer. *No Objection* **PENDING**

22/00087/FUL – 43 The Drive, Hullbridge. Proposed Single Storey rear extension. **No Objection BUT would like to highlight the issues, disruption and detrimental impact to both residents, pedestrians and road users of The Drive with the prospect of two other neighbouring developments taking place simultaneously 43 The Drive (ref 21/00272/FUL and 51 The Drive ref 21/01361/FUL) one of which has been approved and the other pending. Please also note that a breach of planning (Breach Ref. Nr breach395979951) was submitted recently in relation to no.43 The Drive (21/00272/FUL). PERMITTED**

22/00070/FUL – 77 Hillcrest Avenue, Hullbridge. Single Storey rear extension with roof lantern. Extend existing front and rear flat roof dormers.
No Objection on the proviso that any expansions to windows is not intrusive to neighbouring property's privacy.
PENDING

21/01368/FUL – 28 Thorpedene Avenue, Hullbridge. Proposed part flat/part pitched roofed single storey rear extension with roof lights (demolish existing conservatory and garage). **No Objection. PERMITTED**

21/01333/FUL – New Build at The Grange, 5 Murrels Lane, Hullbridge. Retain garage with reduced roof height at 4m. Demolish games room and store. **No Objection. REFUSED**

21/01361/FUL – 51 The Drive, Hullbridge. Proposed single storey side/rear extension, two storey front extension and changes to front elevation, including raising of roof to create rooms in roof with rear dormers and front rooflights. **No objection, but we do have concerns that we would like to be taken into consideration. We are very concerned about this application, if approved being started soon after due to the fact that there are considerable safety concerns with the adjacent property (43 The Drive ref 21/00272/FUL) where planning has been granted but the development is having a significant detrimental impact on residents of The Drive as HGV vehicles in relation to the development are regularly blocking both the footpath and road not only outside 43 The Drive but a little further up each way. The obstruction of the highway appears to be a regular occurrence and a breach of planning was lodged on 26.01.2022 (objection ref: breach39597995) as this is clearly a health and safety issue for both road users and pedestrians. We are concerned that two large developments being undertaken simultaneously would have a devastating impact on the residents, road users and pedestrians. **PERMITTED****

21/01326/FUL – 1 Kendal Close, Hullbridge. Demolish existing extension and covered car port structure to rear and convert existing detached dwelling with habitable roof space into two separate self contained semi - detached two bedroomed dwellings with habitable roof spaces incorporating front and rear dormers. Construct new vehicular crossing onto Ferry Road. **OBJECT – Unacceptable over development of site, over bearing, amenity space does not appear to meet the required 100sqm per property. We also have concerns in relation to existing parking issues in Kendal Close which is naturally a narrow cul-de-sac which makes parking extremely difficult and this development which exasperate this issue with the potential of visitors and/or additional cars per property in the future. We also have concerns over egress and ingress onto Ferry Road from the driveways, particularly being close to a zebra crossing and a very busy junction. We do have concerns in relation to required utility works as utility vehicles could block up Ferry road near the zebra crossing and busy junction making it a safety concern for both drivers and pedestrians not being able to have a clear view of traffic. **PERMITTED****
