18/00135/REM Land Between Windermere Avenue and Lower Road , Malyons Lane, Hullbridge, SS5 6EN. Application for reserved matters (in respect of layout, scale, design, external appearance, access (save for access points to the site as shown on the approved parameters plan) and landscaping) in relation to the outline application permission 14/00813/OUT at land between Windermere Avenue, Malyons Lane and Lower Road Hullbridge for the development of 500 dwellings together with associated access, car parking, landscaping, open space and related works. **(Revised plans) (PLC NOV 2018). HPC are supportive of the proposed design and layout of the development and are pleased that the issues that we have raised at our meetings have been taken on board and incorporated in the revised and enhanced designs. We are pleased to note that the recreation space is of a size that can site a full size Muga Court and other associated facilities which will be part of the section 106 Youth Facility. The only observation which hasn't been included and that we have raised previously is for an outer footpath in the top left hand corner of the development so this open space is fully utilised, even if this is a more rustic footpath i.e. made from cockle shell. This development provides housing for all needs with three main type housing areas (Parkland Quarter, village core and Northern Quarter) and we understand meets the space standards criteria also has a number of green spaces, buffers. In the future to promote cohesion of this development with the existing village we feel a boundary review would need to be done to include the whole site within Hullbridge as currently this is split with Rawreth Parish.**
