**Hullbridge Parish Council fully support and agree with the decision of Rochford District Council to refuse planning permission on this application. Indeed, in our submission to Rochford District Council we highlighted the impact of this proposal on the greenbelt along with being out of character to it's surroundings and many other objections. Also, it must not be understated the problems associated with vehicular ingress and egress to this site from an unlit, derestricted road with no pavements and no alternative means of transport. APPEAL IN PROGRESS**

**24/00757/FUL – Brandy Hole Yacht Club, Kingsmans Farm Road, Hullbridge.** Application for the change of use of the former Brandy Hole Yacht Club (Sui Generis) to Residential (C3) Use to form 3 no. dwellings including alteration and extensions and the formation of allocated car parking provision and provision of a central landscaped area in the location previously granted consent as a car park under application reference 17/00750/FUL. ***HPC do not object to the change of use for the former Brandy Hole Yacht Club building and the subsequent formation of 3 Residential dwellings. However, we DO OBJECT to the significant reduction in the number of parking spaces for visitors. The site is already overdeveloped, as a visit to site would illustrate. The landscaping plans are obviously designed to soften the visual impact of the overdevelopment. One visitor parking space for effectively 17 residential units is (1 space for the new units and 0 for the existing residential units) is unacceptable. There is no alternative parking available for visitors without adversely affecting highway safety for road users and pedestrians. In addition the submitted drawings give a false impression of the amount of space available on site, which again would be evident from a site visit. We would respectfully suggest RDC seek adjustments to the landscaping plans to accommodate more visitor parking capacity. We would recommend an additional 8 visitor parking spaces be provided.*** PENDING
